ASSET SERVICES ANNOUNCES PARTNERSHIP

Enterprise Asset Services and Intellamed to provide enhanced healthcare services.

MERRIAM, Kansas — (October 28th, 2008) — Enterprise Asset Services, Inc. announces a partnership with Intellamed, Inc. of Bryan, Texas. The partnership will allow a collaborative effort in providing fixed asset and capital equipment inventory solutions to community owned health systems serviced by Intellamed. Working together enables Intellamed to increase service offerings to their network of healthcare systems, while allowing Asset Services to provide asset management solutions to a broad network through a trusted source in the healthcare industry.

Asset Services has significant experience providing inventory solutions within the healthcare industry. By providing healthcare systems with an accurate and efficient inventory of assets, savings in taxes, insurance fees, compliance costs, and asset replacement and reallocation can be achieved. Asset Services president, Scott Wyckoff, stated, "We look forward to our relationship with Intellamed and the chance to provide healthcare facilities with the opportunity to implement a cost savings tool that will allow them to save money and resources through managing and maintaining their extensive investment in fixed assets."
